

Free Shipping on Orders Over \$50

Who qualifies

Free shipping is available on orders shipped to addresses within Canada. Orders shipping to the United States are not eligible and will be charged standard shipping rates at checkout.

What qualifies

Most items qualify. Oversize items that ship by freight on a pallet are not eligible for free shipping. Freight charges for these items will be calculated offline. Proceed with your order and we will contact you with the shipping cost. If you don't want to pay the quoted cost, you can cancel your order for a full refund.

How the \$50 is calculated

The \$50 minimum is based on your order subtotal before taxes.
